

ChangeGamer Internship at University of Toronto Schools

Exploring the Use of Digital Games in Education

www.changegamer.ca

Are you interested in the use of video games to investigate serious topics such as energy, climate change, natural disasters, the environment, economics, politics, history, and science? Would you like to create curriculum for these games to try with a variety of classes?

ChangeGamer is looking for interns who would like to create educational resources for existing games.

Skills

- an interest in leading-edge curriculum
- an ability to create succinct and practical curriculum resources
- solid computer skills (no programming required)

Application Procedure

- please send a résumé and cover letter to Mike Farley (mfarley@utschools.ca) by Fri Jan.16
- 2-3 placements available

Site Location

University of Toronto Schools (UTS) is a university preparatory school, grades 7 through 12, affiliated with the University of Toronto (www.utschools.ca). UTS is located at 371 Bloor Street West (Spadina and Bloor). Interns will have the option of working at UTS or from home.
